Centennial Surgery Center requests that you fill out your medical history online with One Medical Passport as soon as your surgery has been scheduled. Once completed, our Pre-Surgical Assessment nurse will be able to access the information you entered online. This information will assist the nurse in organizing and documenting your complete medical history to prepare for your surgery. Be sure to have the following information available before starting your Medical Passport:

- Your health insurance information
- The names, addresses and phone numbers of your physicians
- A list of all medications you are taking, their dosage and frequency
- A list of all surgical procedures you have ever had and their approximate dates

TO BEGIN YOUR ONLINE PRE-SURGICAL ASSESSMENT

1. Go to the Centennial Surgery Center website at <http://centennialsurgery.com/>
2. Select 'Clinical History' from the front page
3. Click the link 'Click here to provide registration information'
4. Select the option to create a Passport for a Medical Facility and Physician

If you are not able to complete your history online you may do so when you arrive at the Centennial Surgery Center on the day of your procedure.
